MEMBER OF: IGMA, NAME and CIMTA

In this Edition of my booklet, you will find an updated list of the many foods I love to create with Modeling Compounds and Resin, plus some supplies and “empties” to create them yourself.

As many of you know, since 1984 I have written over 75 instructional articles for the miniature magazines, and have taught numerous workshops across the country on the use of modeling compounds and resin in miniature cookery. Now these mediums are established among the do-it-yourselfers, and supplies are readily available everywhere. Especially check out the Internet for sources and projects of all kinds.

You may also shop PANNIKINS on the Internet at www.pannikins.com. Please stop by and SIGN MY GUESTBOOK!!

As always I look forward to seeing you at shows and houseparties!

Have Fun and Take Care,

MARY ECCHER
